

Stage 1 : CYP not making expected progress

Initiate APDR Cycle (Assess, Plan, Do, Review)

Assess

- Discussion with key staff in the educational setting to build profile of need
- Capture CYP and parent/carer views
- Gather and analyse assessment information, based on observations, current attainment, formal and informal assessments

Plan

- Work together to create a time-limited support plan, utilising whole school approaches, high quality inclusive teaching and differentiation
- Use the categories of need descriptors to help inform planning

Do

- Put in place the agreed adjustments, support and intervention, with the SENDCo supporting teachers with implementation, linking interventions to classroom teaching.
- Agree date of review

Review

- Review the quality, effectiveness and impact of the provision, involving the CYP and their parent/carers

The APDR cycle then starts again with the updated information.

Stage 2 : CYP not making expected progress

- Seek support from the Specialist Education or Psychology & Therapeutic Services Core Offer
- Seek support for CYP and whole school approaches through a SEND Support Consultation. This could lead to a SENDCo Support visit to your school and/or an Educational Psychology Analysis of Additional Needs (AANT)
- Explore the SCC Traded Offer for training and additional support
- Refer to external agencies (e.g. Health, Mental Health, Early Help, Social Care)
- Consider an application for High Needs Funding

The ADPR cycle then starts again with the updated information.

Stage 3 : CYP continues not to make expected progress

- Review the impact of interventions, involving the CYP and their parent/carers
- Review the impact of the SEND funding in place
- Consider a referral to the Multi Agency Assessment Programme (MAAP).
- Consider a request for an Education Health Care Needs Assessment
