

Year 3 Learning Update

Friday 9th November 2018

We have done lots of learning this week, including...

English – We have been learning about the features of a non-chronological report and began to learn it orally too. We have also started to learn about using pronouns to avoid the repetition of nouns.

Maths – We have been solving some more missing number problems, and using the expanded column method for addition and subtraction. Congratulations to the children who have passed a level of Times Table Mountain this week! Remember; practise makes progress!

Science - We have been rock detectives this week by observing, drawing and describing different rocks.

Art—We have copied part of a cave painting.

RE - We have been learning about how Muslims submit to Allah.

Computing - We have been producing our own database about bears (MS Excel).

Music - We have been learning to sing a song called 'Wave Goodbye'.

We hope you have a lovely weekend!

Miss Williams and Mrs Nichols

We have decided to stop sending home the homework checklist each Monday. We are able to see how much your child is doing in other ways, such as by looking in their reading record, seeing their maths target sheet and their handwriting homework.

Spellings

New spellings are given out on a Tuesday. Children will then take part in spelling activities on a Wednesday and Friday at school. Children will be expected to take new spellings home to learn.

Reading Records

Reading records should be handed in by children at the start of each day. Children are expected to change their own reading book when they've finished it.

Handwriting Homework

Handwriting homework will be given out on a Thursday and due in on Monday. If a child does not bring their homework in on time, they will be expected to go to completion club to do it.

Free 10 minutes? You could...

Read! - We expect 6 reads a week to be a Star Reader. We need to get Bookster bear!

Times Tables! - Get rocking on Times Table Rockstars!

Maths Facts! - Pick a target on your maths target sheet. Work on it with an adult at home. You must send it into school to be tested.
