

YEAR 2 NEWS

Another positive week for year 2, who have been working really hard.

If you have any questions or concerns please feel free to contact Miss Murphy -

claire.murphy@moulton.suffolk.sch.uk or Mrs Grosvenor

egrosvenor@edu.moulton.suffolk.sch.uk

Miss Murphy and Mrs Grosvenor

What have we been doing?

Phonics	Learning why we swap the y for an i when we add the suffix -es.
English	We are discovering some budding children's authors in year 2! They completed some super innovation texts, using our text map to create their own stores, with their own imaginative characters, pets and objects. The children really impressed Mrs Grosvenor with their reading comprehension this week.
Maths	We have just been discussing how well the children are learning about fractions, especially their reasoning skills.
PSHE	We looked at the correct terminology for the males and female private parts.
RE	We looked at lots of different items that symbolise the Easter story and then explained what we thought were the most and least important.
Art	We created different textures, ready to create a collage masterpiece next week.
Science	We continued our work on MRS GREN, thinking about how different animals do each process.
Geography	The children used maps and online to research to find the differences and similarities between the habitat of the Amazon Rainforest and Moulton.

Home learning

Spellings are due for our test on: 22/3/2024- They have come home today. Please make sure your child practises.

Please continue reading, practising maths targets and times tables. The more the children practise, the more progress they will make. Thank you kindly for your support!
