

Year 3 Learning Update

Friday 11th October 2019

We have done lots of learning this week, including...

English – We have written a set of instructions about getting ready for PE, written an acrostic poem about Harvest and completed this half-term's writing task.

Maths – We have been identifying number sequences, writing multiplication number sentences and solving multiplication problems using arrays. Congratulations to the children who have passed a level of Times Table Mountain this week! Remember; practise makes progress!

Topic - We have been researching Cuba and Spain to draw conclusions about why we import fruit from there.

PE - Gymnastics - our last week perfecting our half turn jumps. They did so well!

Art - We have practised 4 pencil drawing techniques and drawn our own landscape inspired by Van Gogh.

Science - We have learnt about how different animals are supported and protected (vertebrates/invertebrates).

PSHE - Learning about how tobacco can be harmful to the body and the help in place for those wanting to stop.

World Mental Health Day - We have learnt about what mental health is and how to look after it.

We hope you have a lovely weekend,

Miss Williams, Mrs Nichols and Mrs Troughton

Spellings

New spellings are given out on a Tuesday. Children will then take part in spelling activities on a Wednesday and Friday at school. Children will be expected to take new spellings home to learn.

Reading Records

Reading records should be handed in by children at the start of each day. Children are expected to change their own reading book when they've finished it.

Handwriting Homework

Handwriting homework will be given out on a Thursday and due in on Monday. If a child does not bring their homework in on time, they will be expected to go to completion club to do it.

Free 10 minutes? You could...

Read! - We expect 6 reads a week to be a Star Reader. We need to get Bookster bear!

Times Tables! - Get rocking on Times Table Rockstars! 'Hit the button' is a good game too!!

Maths Facts! - Pick a target on your maths target sheet. Work on it with an adult at home. You must send it into school to be tested.
