Year 3 Learning Update

The children behaved beautifully and enjoyed their visit to Newmarket Academy on Tuesday. Unfortunately, on Thursday, some year 3 children spent time with Mrs Gilmore and I as they did not meet Moulton's behaviour expectations during PE. These children also spent some breaktime with Mrs Shipp today. The expectation is that our children are respectful to adults, do not stop others from learning or copy poor behaviour. Children who were meeting behaviour expectations had some extra playtime.

This week's learning in Year 3 has included:

- Maths - .consolidation of fractions, rounding to the nearest 10, calculating the duration of events

- English - inventing a myth, non-fiction whole class reading of an information text about Stone Age meals and grammar

- Science - designing a book bag with a reflective, safety feature

- Art - creating the template for an Ancient Greek inspired necklace

- RE - Mitzvot in Judaism PSHE - the effect of media on food choices

- Topic - Explaining what Hippocrates was like as a doctor

- Computing - programming an animation

Plus: PE, Times Table Mountain and SQUIRT

Have a lovely weekend - we look forward to seeing lots of you on Sports Day and at the Summer Fair.

Miss Murphy, Mrs Harper, Mrs Nichols and Mrs Troughton

Home Learning

Reading: Please record reading at least 5 times each week. Please make sure children read their book band book, alongside books from home. Your child can write the entry if they like - 6/7 reads = star reader!

Spelling: write on the sheet provided (no need to send these in) and on www.spellingshed.com. Login details are in the front of reading records.
Spelling test: Tuesday 4th July
Handwriting in by: Tuesday 4th July

You could also:
- Practise maths targets
- Practise times tables - TTR (log-in details in reading record) or Hit the Button!
- Do the task on the handwriting sheet
