

## Year 5 Maths

### Week beginning 7.10.13

1. I can sort numbers or shapes according to their properties and explain how I sorted them
2. I can use tables facts to multiply multiples of 10 and 100 and to find linked division facts
3. I can find pairs of factors that multiply to make a given number
4. I can find a number that is a multiple of two different numbers
5. I can check whether a calculation is correct and explain how I did this.
6. I can explain each step when I write addition and subtraction calculations in columns
7. I can describe the important features of shapes such as rectangles. I know the important features of a cube. I can use these to draw its net.
8. I know that when my teacher asks certain mathematical questions there may be more than one answer. I try to think of all the possible answers.
