## What have we been doing?

Phonics	It's getting tricky, as you will see from the spellings this week. We looked at the 'zh' sound being written si always followed by on and su always being followed by re or al.
English	We have looked at some Grammar this week and have started to plan a poem around Izzy Gizmo.
Maths	This week has all been about length and height using cm and m.
RE	We looked further at what trust means and how we know if we can trust someone.
Science	Continuing with habitats we looked at the features of the animals that live in different habitats and why they look as they do.
Computing	We were typing in Word this week, ready to investigate further next week.
DT	This week construction of the Ferris Wheels began. Thank you for the yogurt pots but we now have enough, well done team Year 2.
Topic	This week, moving on from Benjamin Franklin's discovery of electricity we looked at Thomas Edison and the invention of the light bulb.

Your homework this week;

Daily reading, Maths Targets, Times Tables, Spellings.

Maths Targets, please remember to only send in your target if your child can achieve it with some speed. We have had a couple of children bring in Targets recently that are not achieving their target fast enough.

Thank you for sending in the yogurt pots, we now have enough and a few spare (always needed). The children are really excited about making their Ferris Wheels, which you probably already know.

Another busy week of learning and the children have really impressed me with their knowledge and use of centimetres and metres.

Date for your diary,- Thursday 23<sup>rd</sup> May 2024, trip to Bradfield Woods., info to follow.

Have a lovely weekend.

Please feel free to contact me by email on; [emma.chittock@moulton.suffolk.sch.uk](mailto:emma.chittock@moulton.suffolk.sch.uk) if you have any questions or concerns. I will endeavour to get back to you as soon as I can.
