After-School Club Childcare Closure

Dear Parents and Carers,

Regretfully, we are unable to provide after-school club childcare from January 2022. I know that this will be very inconvenient to working parents, but please know that we have tried our very best to keep the club running.

We have advertised for new staff several times, but we have not been able to fill the posts. If you have used the after-school club, you will be aware that myself, TAs, and Mrs Gilmore have stepped in many times over the past few years, but this is not a long-term solution.

We are proceeding with arrangements for out-sourcing the after-school club, but this will take time, as the company needs to recruit staff and register with Ofsted. They are hoping to be up and running by Easter.

I am truly sorry if this causes your family anxiety and logistical issues – we really have tried everything, and dedicated many hours to finding a solution. Closing the after-school club is the last resort, having tried everything else.

I will keep you updated with the external company's after-school club arrangements – hopefully they will be able to organise their registration and staffing in good time.

The breakfast club will be unaffected, and it will continue to run as usual.

Kind regards,

Mrs Shipp
