What an exciting week we've had with our special visitors from Proms in the Playground on Thursday. Find out what else we got up to.

English: We have been completing some grammar and reading booklets this week and have tried our very best!

Maths: We've also completed some maths booklets. We also found time to explore position and direction language.

Science: It was interesting to focus on the key vocabulary of herbivore, carnivore and omnivore in science today. We then wrote sentences related to food chains.

History: We thought about how modern technology has developed so that we can visit somewhere without actually going there! We decided to go on a virtual safari!

Music: Of course, the marvellous team from Proms in the Playground led an hour-long performance for us playing some classical music greats! Mrs Grosvenor also taught us on Tuesday.

P.E: More Sports Day practise!

PSHE: We were so lucky to have the JRSOs (Junior Road Safety Officers) lead a lesson/ workshop on road safety for us! They even prepared it in their own time!

Have a great weekend!

Do say a really big well done to your child this weekend as the children have worked really hard in 'booklet conditions' or silence when completing reading, maths or grammar questions.

Mr T
