Learning upd

This week has been a fantastic first week back. Take a look at our learning.

English: We have started a new unit of writing all about how to Trap a Dragon. We have thought about instruction writing and commas in a list. We have explored a couple of dragon stories.

Maths: We have counted in 2s, 5s, and 10s with pictograms thinking about what the data shows us. We have also generated our own data and pictograms.

Science: It was great fun starting our new topic all about different types of materials. We looked at a range of objects and sorted them.

Topic: We have begun our new topic about the legacy of Grace Darling. We learnt about who she was and where she lived.

Computing: We started to explore stop animation using an app on the iPad.

Art: We are exploring the ocean as a stimulus for painting this term. We felt very inspired and saw the links to the sea from our Grace Darling topic.

PSHE: We completed a quiz about online safety to see how much we had remembered from last term's learning.

R.E. Our focus this term is how Jewish people feel about the Torah. We explored a painting and thought about why the people were jumping for joy.

P.E. Mrs Crook.

Music: Mrs Grosvenor.

Have a great weekend.

Mr T
